Think Pink for Breast Cancer Awareness Month!

Every October, the color pink shows up in full force. Lots of people integrate pink into their wardrobes to support breast cancer awareness month. As an awareness campaign, it's incredibly successful. But awareness is just the first step. From awareness, public health education and advances in research are possible. Wearing pink during the month of October is a simple way to let these women know they're not alone. Furthermore, wearing pink during breast cancer awareness month shows your support for educating the public, advancing research and honoring the millions of women who have fought this disease.

We'll take care of you!

Mark J Malley, MD, DABR || Troy D Voeltz, MD, DABR || Allison H Zupon, MD, DABR

Services Provided:

- Soft Tissue

- Sonohysterography
- Venous Doppler

- Osteoporosis Detection & Consultation
- Body Composition Analysis

Lateral Spine Fracture Analysis

Breast Biopsies:

- Ultrasound-guided
- Stereotactic
- Cyst Aspiration

EXCITING EVENTS AT IMAGING FOR WOMEN!

October is upon us and that means Breast Cancer Awareness month is here! Speaking of breast cancer, our annual Breast Cancer Survivor Celebration was a great success once again and we would like to thank all of our survivors for taking time to come share their experiences with us. Additionally, a big thank you to our wonderful staff here at IFW for all of their hard work to make this event the best one yet. Lastly, we would like to thank all of you for referring patients to IFW. None of this would be possible without you and we hope for many more years of working together to save lives.

Thank you also to, Bra Couture KC, Northland Health Care Access, and the Platte County Health Department. These exceptional groups are working with us to provide screening mammograms to underserved women in the community lacking health insurance. IFW will be providing screening mammograms to approximately 200 women at no cost. This will be done over several dates throughout the next year. We will be hosting the first event Saturday, October 13, 2018, and are expecting approximately 50 women. Nurses will also be on site providing physical exams. Transportation for the women to and from our facility will be provided via a party bus leaving from the Platte County Health Center. More information is available on our Facebook page under Events or by calling us directly. Patients must schedule ahead of time to participate so please have them call us if interested.

Troy D. Voeltz, MD, DABR
